### SENIORS – BEWARE - COVER-UP

Social Security System was created around 1932 by President Franklin Roosevelt during The Great Depression because of the economic problems, so what it was created to do was to take a portion of the person salary to put it away for them till they retire, so when they do retire they are still putting money into the economic system, so it would be a less of a chance of crashing...but there are long term problems to this, for the unemployed people who get social security, they are hurting the system which is going to make future generations pay more money to get the economic system back up.

**POLITICIANS' RAIDING SOCIAL SECURITY TRUST FUND IS A SPIRITUAL PROBLEM!** To understand it, one must understand "liberalism-the religion/indoctrination of the UN." Liberals are everything true born again Christians are not. Light and darkness are at war.

## WARNING FROM FAYE!

So many seniors write and email me that they get less than \$1,000 per month in Social Security monthly. I have always felt this was not right and spoke out when Congress gave themselves cost of living increases annually and denied Seniors their cost of living increase. In 2015 I was working on the \$3 trillion raiding of the Social Security trust fund by former President Bill Clinton. The truth took me to other presidents that also borrowed the SS Trust Funds, leaving IOUs. What I discovered astounded me and my partners. Now, to see lawless lawmakers bankrupt our retirement pensions and reduce them to "entitlements" calls for immediate action. We are comparing the misuse and plan to reduce our Social Security pension funds to (Medicare) while

protecting their own federal pension funds. We must challenge this as well as the new Law the House just passed to reduce Social Security pay outs. God forbid this miscarriage of justice.

The bill is called the "Social Security Reform Act of 2016" (HR 6489) and it was just introduced last week. This bill will lower social security benefits for half of all seniors while increasing payments to the 1.2 million illegal aliens who -- according to the Washington Times -- have stolen the social security numbers of Americans!

Tell the House Ways & Means Committee to reject this incredible rip-off bill which steals from the taxpayers and gives the money directly to aliens. Congress has known for five years not that more than one million illegals are filing false tax returns using stolen social security numbers. The feds even have the home addresses of these illegals on their returns -- but nothing is being done to stop them!

If Congress truly wants to fix social security it could be done overnight by booting all of the foreigners off of the program instead of penalizing the hardworking

Americans who have paid into the system for 30, 40 or even 50 years! Tell Congress to vote NO on HR 6489 today! This bill is a total globalist rip-off of Americans in favor of foreigners and it will impact everyone if we do not stop it.

What happens to the taxes that go into the trust funds? Tax income is deposited on a daily basis and is invested in "special-issue" securities. The cash exchanged for the securities goes into the general fund of the Treasury and is indistinguishable from other cash in the general fund.

Congress May Have Just Robbed You Of \$60,000 In Social Security Benefits The budget bill just quietly erased one of the best filing strategies. Ann Brenoff

As a fan of How To Get Away With Murder, I'm hoping that an Annalise Keating will step up and save us from the congressional version of How To Get Away With Robbery of Social Security Recipients.

While the title isn't quite as catchy, if you and your spouse aren't 66 by next May, essentially you may have been robbed of as much as \$60,000 that you would have gotten had Congress left things alone. What Congress did was include language in the federal budget bill that changed the options you have about when and how to file for your Social Security benefits. With the stroke of Houdini's pen, it made the "file and suspend" filing strategy go away. This hurts many and helps few and the president signed it yesterday.

Under current law, you are entitled to collect full Social Security benefits at age 66 but there are financial incentives if you delay. With "file and suspend," you enroll in Social Security but delay starting your benefits, allowing them to grow by

8 percent a year until you hit 70. That means an increase of 32 percent over what you would have gotten had you started collecting at age 66 — larger checks for the rest of your life. Additionally — and here's the bonus in the candy jar — as soon as you file, your spouse can immediately start collecting half of your check when he/she reaches age 66 — and thus delay the start of their own benefits and allowing them to grow by 8 percent a year as well.

**How much money has the federal government borrowed from Social Security and Medicare funds?** Dan Perrin, Social Security & Health Policy Advocate, The Seniors Center. If the surplus money that Americans paid into Social Security had been left alone, there would be a balance of roughly \$2.85 Trillion Dollars. Sadly, Congress saw that pot of money and couldn't keep their hands off of it. They spent every dime. That \$2.85 Trillion was "borrowed" by the Federal Government. All that is left is a file cabinet at the Bureau of Public Debt filled with non-negotiable.

**Intercession is warfare** -- the key to God's battle plan for our lives. But the battleground is not of this earth. The Bible says, *"We are not fighting against humans. We are fighting against forces and authorities and against rulers of darkness and spiritual powers in the heavens above"* (Eph. 6:12).

Intercessory prayer takes place in this spiritual world where the battles for our own lives, our families, our friends and our nation are won or lost.

To discover God's plan, all you have to do is ask. The Bible says that *"if any of you need wisdom, you should ask God, and it will be given to you"* (James 1:5). When we ask God for wisdom, His desires will become the focus of our prayers. *"Let God change the way you think. Then you will know how to do everything that is good and pleasing to Him"* (Romans 12:2).

Intercessory prayer is a serious matter. And just like soldiers who are preparing for battle, we cannot take on the enemy if we leave our weapons behind. That's why we must go into "battle" armed for spiritual conflict. (see 2 Cor. 10:3,4)

First, recognize that Jesus is in control of the situation. Jesus *"rules over forces, authorities, powers, and rulers ..."*

over all beings in this world and will rule in the future world as well" (Eph. 1:21). He is King of Kings and Lord of Lords. Then, put on "all the armor God gives" (see Eph. 6) so that you will be ready to fight with God's weapons. These are the "weapons of our warfare" that can pull down strongholds in the spirit world (see 2 Cor. 10:3,4).

They will also protect you from the attacks that are sure to come once you begin the spiritual battle. Next, bind the work of Satan, knowing that Jesus has given you authority "to defeat the power of your enemy" (Luke 10:19). If God shows you the identity of specific spiritual strongholds that are at work, take authority over these strongholds in the name of Jesus. And always remember that "God's Spirit is in you and is more powerful than the one that is in the world" (1 John 4:4).

Intercessory prayer is also prayer that doesn't give up. It's the kind of prayer that endures all setbacks and overcomes every obstacle. It's prayer that "presses on" until we "apprehend" God's will in whatever situation we are facing (see Phil. 3:12, KJV).

Throughout the Bible, God searched for those willing to fight the spiritual battle for their land. In Ezekiel, God says, "And I searched for a man among them who should build up the wall and stand in the gap before Me for the land, that I should not destroy it, but I found no one" (Ezek. 22:30, NASB).

Through intercession, you can take the offensive in the spiritual battle, building up your community, your nation and your world. As you follow God's call to rise up and take your place in the spiritual battle, God promises to "heal their land" (2 Chron. 7:14, NASB).

**JOINING THE BATTLE** God is calling Christians to join His battle plan for this world -- to join in intercessory prayer. He is not looking for perfect prayer warriors, just willing hearts who want to see His will come to pass on the earth. All you must do is turn to the Lord in prayer:

*"Father, I come into Your presence and ask You to give me the heart of the intercessor. Help me to be persistent in prayer until the breakthrough comes. Thank You for this powerful weapon of spiritual warfare -- and for Your faithfulness in my life. In Jesus' name. Amen."*

## GOD'S WORD ON INTERCESSION

*"We live in this world, but we don't act like its people or fight our battles with the weapons of this world. Instead, we use God's power that can destroy fortresses. We destroy arguments and every bit of pride that keeps anyone from knowing God. We capture people's thoughts and make them obey Christ" (2 Cor. 10:3-5).*

We need to use Abraham as a role model for our call to pray for America at this time. His intercession for Sodom and Gomorrah. Be encouraged and hopeful that we, with God's help will win this spiritual battle over America. Our leaders are ruling wickedly. Seniors need to wake up and cry out. The thief comes not but to steal, kill and destroy. Seniors, let me hear from you. We must rebuke the devour and he will flee from us.

*Genesis 18: 16-33 Abraham Prays for Sodom*

**17 The LORD said to himself,** "I should tell Abraham what I am going to do, 18 since his family will become a great and powerful nation that will be a blessing to all other nations on earth.[a] 19 I have chosen him to teach his family to obey me forever and to do what is right and fair. Then I will give Abraham many descendants, just as I promised."

**20 The LORD said,** "Abraham, I have heard that the people of Sodom and Gomorrah are doing all kinds of evil things. 21 Now I am going down to see for myself if those people really are that bad. If they aren't, I want to know about it."

than the dust of the earth. Please forgive me, LORD, for daring to speak to you like this. 28 But suppose there are only forty-five good people in Sodom. Would you still wipe out the whole city?" "If I find forty-five good people," the LORD replied, "I won't destroy the city."

29 "Suppose there are just forty good people?" Abraham asked. "Even for them," the LORD replied, "I won't destroy the city."

30 Abraham said, "Please don't be angry, LORD, if I ask you what you will do if there are only thirty good people in the city." "If I find thirty," the LORD replied, "I still won't destroy it."

## The Fiscal Burden of Illegal Immigration on United States Taxpayers

Report by Matt O'Brien and Spencer Raley

Ineffective efforts to secure our borders, present significant national security and public safety threats to the United States. They also have a severely negative impact on the nation's taxpayers at the local, state, and national levels. Illegal immigration costs Americans billions of dollars each year. Illegal aliens are net consumers of taxpayer-funded services and the limited taxes paid by some segments of the illegal alien population are, in no way, significant enough to offset the growing financial burdens imposed on U.S. tax payers by massive numbers of uninvited guests.

This study examines the fiscal impact of illegal aliens as reflected in both federal and state budgets. The Number of Illegal Immigrants in the US Estimating the fiscal burden of illegal immigration on the U.S. taxpayer depends on the size and characteristics of the illegal alien population. FAIR defines "illegal alien" as anyone who entered the United States without authorization and anyone who unlawfully remains once his/her authorization

has expired. Unfortunately, the U.S. government has no central database containing information on the citizenship status of everyone lawfully present in the United States. The overall problem of estimating the illegal alien population is further complicated by the fact that the majority of available sources on immigration status rely on self-reported data. Given that illegal aliens have a motive to lie about their immigration status, in order to avoid discovery, the accuracy of these statistics is dubious, at best. All of the foregoing issues make it very difficult to assess the current illegal alien population of the United States. However, FAIR now estimates that there are approximately 12.5 million illegal alien residents.

---

This number uses FAIR's previous estimates but adjusts for suspected changes in levels of unlawful migration, based on information available from the Department of Homeland Security, data available from other federal and state government agencies, and other research studies completed by reliable think tanks, universities, and other research organizations.

---

The Cost of Illegal Immigration to the United States At the federal, state, and local levels, taxpayers shell out approximately \$134.9 billion to cover the costs incurred by the presence of more than 12.5 million illegal aliens, and about 4.2 million citizen children of illegal aliens. That amounts to a tax burden of approximately \$8,075 per illegal alien family member and a total of \$115,894,597,664. The total cost of illegal immigration to U.S. taxpayers is both staggering and crippling. In 2013, FAIR estimated the total cost to be approximately \$113 billion. So, in under four years, the cost has risen nearly \$3 billion. This is a disturbing and unsustainable trend..

### Total Governmental Expenditures on Illegal Aliens - Total Tax Contributions by Illegal Aliens -Total Economic Impact of Illegal Immigration

---

**Federal** The Federal government spends a net amount of \$45.8 billion on illegal aliens and their U.S.-born children. This amount includes expenditures for public education, medical care, justice enforcement initiatives, welfare programs and other miscellaneous costs. It also factors in the meager amount illegal

aliens pay to the federal government in income, social security, Medicare and excise taxes.

---

**FEDERAL SPENDING** The approximately \$46 billion in federal expenditures attributable to illegal aliens is staggering. Assuming an illegal alien population of approximately 12.5 million illegal aliens and 4.2 million U.S.-born children of illegal aliens, that amounts to roughly \$2,746 per illegal alien, per year. For the sake of comparison, the average American college student receives only \$4,800 in federal student loans each year.

---

**FAIR** maintains that every concerned American citizen should be asking our government why, in a time of increasing costs and shrinking resources, is it spending such large amounts of money on individuals who have no right, nor authorization, to be in the United States? This is an especially important question in view of the fact that the illegal alien beneficiaries of American taxpayer largess offset very little of the enormous costs of their presence by the payment of taxes. Meanwhile, average Americans pay approximately 30% of their income in taxes.

---

**Federal Education** - \$1.6 Billion

**Federal Medical Costs** - \$17.1 Billion

**Federal Justice Expenditures** - \$13.1 Billion

**Federal Welfare Programs** - \$5.8 Billion

**Total Federal Expenditures** - \$45.8 Billion

---

**FEDERAL TAXES** Taxes collected from illegal aliens offset fiscal outlays and, therefore must be included in any examination of the cost of illegal immigration. However, illegal alien apologists frequently cite the allegedly large tax payments made by illegal aliens as a justification for their unlawful presence, and as a basis for offering them permanent legal status through a new amnesty, similar to the one enacted in 1986. That argument is nothing more than a red herring.

---

**FAIR** believes that most studies grossly overestimate both the taxes actually collected from illegal aliens and, more importantly, the amount of taxes actually paid by illegal aliens (i.e., the amount of money collected from illegal aliens and actually kept by

the federal government). This belief is based on a number of factors: Since the 1990's, the United States has focused on apprehending and removing criminal aliens. The majority of illegal aliens seeking employment in the United States have lived in an environment where they have little fear of deportation, even if discovered. This has created an environment where most illegal aliens are both able and willing to file tax returns. Because the vast majority of illegal aliens hold low-paying jobs, those who are subject to wage deductions actually wind up receiving a complete refund of all taxes paid, plus net payments made on the basis of tax credits. As a result, illegal aliens actually profit from filing a tax return and, therefore, have a strong interest in doing so.

---

#### **Net Federal Impact of Illegal Aliens - \$30.4 Billion**

A further complication is the fact that, while barred from many federal benefits, state laws allow illegal aliens to access many state-funded social welfare programs. Because so little data is collected on the immigration status of individuals collecting benefits, it is difficult to determine the rate at which illegal aliens use welfare programs. However, based on the average income of illegal alien households, it appears they use these programs at a rate higher than lawfully present aliens or citizens.

---

**STATE AND LOCAL SPENDING** The combined total of state and local government general expenditures on illegal aliens is *\$18,571,428,571* billion. The services referenced in this section are supported directly by the payment of city and state taxes and related fees. At the state level, examples of general expenditures would be the costs of general governance, fire departments, garbage collection, street cleaning and maintenance, etc. The state, county or municipality — or even a special taxing district in some situations — may provide some of these services. In most cases, localities offer more services than the state. By FAIR's estimate, there is approximately a 65 percent to 35 percent cost share between local and state governments. State

**Educational Expenditures - \$44.4 Billion**  
**State Medical Expenditures - \$12.1 Billion**  
**State Administration of Justice Expenditures - \$10.8 Billion**  
**State Welfare Expenditures - \$2.9 Billion**  
**State and Local Expenditures - \$88 Billion**

Illegal aliens are not typical taxpayers. First, as previously noted in this study, the large percentage of illegal aliens who work in the underground economy frequently avoid paying any income tax at all. (Many actually receive a net cash profit through refundable tax credit programs.) Second, and also previously noted, the average earnings of illegal alien households are considerably lower than both legal aliens and native-born workers.

**TOTAL STATE AND LOCAL ECONOMIC IMPACT OF ILLEGAL IMMIGRATION**

Federal and State Fiscal Outlays - \$134 Billion  
 Federal and State Tax Contributions - \$18 Billion  
 Net Cost of Illegal Immigration - \$115 Billion  
**CBO: Legalizing Dreamers would cost taxpayers \$26 billion** *“In total, CBO and JCT [the Joint Committee on Taxation] estimate that changes in direct spending and revenues from enacting [the bill] would increase budget deficits by \$25.9 billion over the 2018-2027 period.” – CBO*

President Trump forced the issue with his executive order ending President Obama’s Deferred Action for Childhood Arrivals executive order. This was heralded immediately by many of his supporters as fulfillment of his promise to deport millions of illegal immigrants. That excitement was short-lived when the President declared he wanted a legislative “solution” for DACA rather than an end to it. In fact, he said he would act if Congress didn’t by extending the six-month deadline he imposed:

Trump to extend DACA protections if Congress doesn’t act: report

“The president’s comment to me was that, ‘We put a six-month deadline out there. Let’s work it out. If we can’t get it worked out in six months, we’ll give it some more time, but we’ve got to get this worked out legislatively,’” Lankford said.

When Trump rescinded President Obama’s landmark immigration protections in September, he set a six-month deadline for Congress to legalize the protections for so-called “Dreamers,” young undocumented immigrants who were brought to the United States as children.

So much for being tough on illegal immigration. In essence, the President did not reverse Obama’s executive order. He threw down the gauntlet for Congress to make it permanent. This started off as President Obama’s mess and has turned into something President Trump and the GOP are destined to solidify. As Joseph Curl notes on DailyWire, “No wonder America is \$20 trillion in the red”:

**DEAR FRIENDS,**

Thanks for all the phenomenal phone calling to Congress every day of the week thus far.

Here is our challenge on Day 4:

In the highly unusual and largely televised negotiating session with a couple dozen Members of Congress on Tuesday, Pres. Trump sometimes seemed like he was willing to accept a DACA amnesty with some border enforcement and then deal with other immigration goals in a later bill.

If so, that would be a disaster.

The only leverage he/we have to get passage through the Senate of pro-American immigration changes is for it to be linked with the immigration expansionists’ desires for a DACA amnesty.

We know from seven past amnesties that once Congress provides the amnesty, nothing positive gets done.

So, we need saturation phone calls today to Senators letting them know what we know about that. If eliminating Chain Migration and Visa Lottery are not in a bill that Congress passes to give a DACA amnesty, we’re unlikely to ever see a vote on those issues.

That data was finally released on Thursday, at which point it became clear why they weren't released during the Obama years.

Nearly 20% of federal prisoners are illegal immigrants despite accounting for around 2% of the population. This comes as no surprise to those who want to stop illegal immigration who realized long ago the logic that if someone is willing to break the law in order to be here, there's a good chance they're willing to break the law once they make it across.

This hasn't been given much attention by mainstream media other than Fox News. Daily Signal wrote about it: DREAMERS not 800,000 but reported to be millions.

## HERE ARE THE 7 CHAIN-MIGRATION AMNESTIES THAT CONGRESS HAS ALREADY PASSED

1. **Immigration and Reform Control Act (IRCA), 1986:** A blanket amnesty for some 2.7 million illegal aliens
2. **Section 245(i) Amnesty, 1994:** A temporary rolling amnesty for 578,000 illegal aliens
3. **Section 245(i) Extension Amnesty, 1997:** An extension of the rolling amnesty created in 1994
4. **Nicaraguan Adjustment and Central American Relief Act (NACARA) Amnesty, 1997:** An amnesty for close to one million illegal aliens from Central America
5. **Haitian Refugee Immigration Fairness Act Amnesty (HRIFA), 1998:** An amnesty for 125,000 illegal aliens from Haiti
6. **Late Amnesty, 2000:** An amnesty for some illegal aliens who claim they should have been amnestied under the 1986 IRCA amnesty, an estimated 400,000 illegal aliens
7. **LIFE Act Amnesty, 2000:** A reinstatement of the rolling Section 245(i) amnesty, an estimated 900,000 illegal aliens

## PRAYER POINTS

Heavenly Father, we come again tonight. We come in the Name of Jesus—not our name, not our power, not our holiness, not even our goodness—but we come

in the Name of Jesus, washed in His blood, robed in His righteousness. We come because You told us to come. You said in Your Holy Word for us to come boldly to the throne of grace that we may obtain help and grace to help in the time of need. Thank You, Father. We are exhorted in Your Word to pray, to intercede, to supplicate, and to give thanks for ALL who are in authority, that Christians—that believers—everywhere, may lead a quiet and peaceable life in all godliness and honesty. We pray for our leaders—our President, every member of Congress, the Supreme Court, the president's cabinet, everyone that's in authority—that divine wisdom and grace will be given unto them. And direction will be given unto them. We come against the powers of darkness, the forces of evil that would try to dominate and rule in our own nation. We rise up against that darkness.

---

We rise up against those spirits and dispel the darkness. In the Name of Jesus, we command the devil to take his hand OFF of the political scene of our nation. We pray for every politician, everyone that's in office, that they'll not be so concerned about politics, that they'll not be so party conscious, but that they'll be concerned about our nation as a whole—and above all, put God first. We come against the powers of darkness, the forces of evil, the demons of hell that would endeavor to dominate the financial scene of our nation. We pray for the economy of our nation. We pray about the unemployed.

---

We pray that the economy will be turned around, and everyone that wants a job will find a job, and that we will be prosperous as a whole—as a nation—to continue to carry the Gospel around the world.

---

We command the devil and all of his cohorts: Take your hand OFF of the financial scene of our nation. We come against the powers of darkness, the forces of evil that would endeavor to dominate the domestic scene of our nation. We command you, Satan, and all of your cohorts: Take your hand OFF the domestic scene of our nation. May there be peace. May there be tranquility. May there be understanding from the Atlantic to the Pacific, from the Gulf of Mexico to the Canadian border. We sweep the air clean from demons—powers of evil that would hinder, that

would dominate. In the Name of Jesus! We come against all forces that are wrong. And Father, we pray with our understanding as best we know how. We're instructed to do so. Yet we sense in our spirit that our spirits have not prayed as they would like. We remember that Paul said that if I pray in an unknown tongue, MY spirit prayeth, MY spirit, by the Holy Spirit within me prayeth. So the great, mighty Spirit of God dwells in us. He is our Helper. He is our Counselor. He is our Advocate. He is our Intercessor. He is our Standby. He will help us. We trust Him to help us to pray in this area and about our nation, and the leaders, and all that are in authority.
